Seasoned CEO with AI, SaaS, and Vehicle Networking Expertise, Chuck Myers, joins CSI's Advisory Board

Coulomb Solutions Inc. (CSI) is honored to have seasoned CEO with expertise in AI, SaaS, and vehicle networking, Chuck Myers, join its Advisory Board. He has extensive public and private CEO experience having led 6 companies including Cogniac, Conundrum, Airgain, Facedouble, Verisign, and Awarepoint. Mr. Myers successfully grew the wireless vehicle networking company NetworkFleet which won the CES Best Automotive Product Award and was later sold to Reynolds and Reynolds. He has managed several \$300M+ firms including Airgain which he took public in a highly successful technology IPO in 2016. Chuck has over 34 patents in wireless, social networks and image recognition.

"I am excited to bring my strong corporate growth expertise and background in vehicle networking, AI, and SaaS to CSI", shared Mr. Myers. "CSI is already highly successful, and I look forward to supporting their continued growth and expansion with my extensive automotive and financial network. CSI's Plug & Play electric truck and bus accessories will set a new standard in ease of use so OEMs with no EV experience can use these highly efficient, proven performing components".

Chuck Myers has a Masters of Science in Finance and Engineering from the Massachusetts Institute of Technology and a Certification in Organizational Leadership from the Yale School of Management. Mr. Myers was the winner of the 2017 Ernst & Young Regional Entrepreneur of the Year (Technology) and currently a third-year judge for Ernst & Young Entrepreneur of the Year Competition. He has successfully raised over \$100M from Silicon Valley VCs and sold or taken public many of his companies.

"We are pleased to have a seasoned expert in private and public company corporate growth in the vehicle networking and software/telecommunications sector, join our expanding Advisory Board." said David Mazaika, CSI CEO. "Chuck Myers will bring a wealth of knowledge in vehicle networking, AI, and SaaS to our team as we prepare to launch some new exciting IoT products."

About Coulomb Solutions Inc. (CSI)

CSI provides high quality, proven components to the North American commercial electric vehicle market at wholesale prices. The company's goal is to enable rapid adoption of electric drive systems in commercial trucks, buses, vans, locomotives and marine applications. As its cornerstone, CSI is the authorized North American distributor of commercial vehicle batteries for CATL, the largest Li-Ion battery designer and manufacturer in the world. CATL's batteries currently power over 270,000 buses and trucks in daily operation in demanding environments and terrain with some of the largest
