

PACKCHG-003

Keep your batteries in top form!

- **Battery Pack Charger**
- **Easy to use**
- **Digital touch-screen controls**
- **Capable of charging most standard CATL battery packs**
- **Support Long Term Battery Storage**
- **Equalize battery SOCs**
- **208-240VAC 1Phase Input**
- **50-750VDC Output**
- **Air Cooled**

GENERAL SPECIFICATIONS

Model #:	PACKCHG-003
Controls:	Digital Touchscreen
Input Voltage:	208VAC, 220VAC or 240VAC, 1 Phase
Input Plug:	NEMA L6-20 Plug 20A 250V
Output Voltage:	50-750VDC
Output Current:	1-15A
Communication:	CAN
Cooling:	Air Cooled
Efficiency:	93%
Power Factor:	99%
Weight:	33 lbs (15 kg)
Dimensions (L×W×H):	25.4"×11.1"×10.2" (475×282×260mm)
